A non-profit, non-partisan, corporation
helping American patriots.

"We are standing beside you!"

Devoted to working with American patriots everywhere to become more involved in their government and with those elected to represent them.

WHO WE ARE

Hoosier Patriots was organized in September 2009 shortly after the September 12th Taxpayer March on Washington, DC. Founders D. C. “Dan” Lee, Warsaw, Indiana, and Greg Fettig, Noblesville, Indiana, saw the need to reduce patriot frustration looking for ways to become more involved in their Federal government. Incorporated November 3rd, 2009, it is a 501(c)(4) non-profit organization.

E-Z Letters every week to send to Congress.

These were the beginning. Pre-written letters for patriots to enter their own name letterhead and send to Members of Congress and the Senate. Our **E-Z Letters** issued to our participating patriots and groups provide a timely notice from citizens to their Congressional representatives. Each is themed on current legislation and conservative Constitutional principles.

Monday Morning Newswire offers commentary.

Issued every Monday morning, our **Monday Morning Newswire** offers a timely and motivational commentary, as well as notes on our coming activities and events. Each issue provides the patriot with a “shot in the arm” for the week ahead, a quick look at things to come. Every patriot signed up on our web site receives the **Newswire**.

Motivational DVDs and member recruiting helps.

Professionally produced and colorful, these short DVD presentations are for you to use in living room or assembly hall. DVDs are three to five minutes long and will play on most home systems. Our presentations can be obtained [for a small donation] by any patriot group registered with Hoosier Patriots. Member recruiting and sign-up materials are also available from our web site.
